Jaime Huerta Cruz

Full-stack Software Engineer | Dallas-Fort Worth, Texas
jaime.huerta17@icloud.com | linkedin.com/in/jaimehuerta17/

I am a full-stack software engineer with 4+ years of experience building, modernizing, and supporting enterprise web platforms. My work spans Angular, Java, Node.js, REST APIs, delivery automation, observability, and technical instruction.

SKILLS

Product engineering: Angular, TypeScript, JavaScript, Node.js, Java, Spring Boot, REST APIs, HTML and CSS, SQL, Tailwind CSS
Data and infrastructure: AWS, PostgreSQL, Supabase, MySQL, Docker
Delivery and quality: GitHub Actions, Jenkins, Harness, Playwright, CI/CD, Automated testing, Git
Operations and practice: Splunk, Observability, Reliability, Accessibility, Modernization, Technical instruction, Performance optimization, Agile delivery, AI-assisted software development

EXPERIENCE

Senior Software Engineer

Nationwide | May 2023-Present

- Led enterprise Angular modernization, improving scalability, load performance, shared architecture, and delivery velocity.
- Built full-stack features connecting Angular interfaces with Java/Spring Boot services and REST APIs.
- Automated CI/CD pipelines with GitHub Actions, Jenkins, and Harness, reducing deployment time by 40%.
- Implemented structured logging and Splunk monitoring to support incident triage and production readiness.
- Partnered with product, design, and engineering teams on accessible interfaces and reusable Angular components.

Software Engineering Co-op

Nationwide / InnoSource | May 2021-May 2023

- Supported frontend, backend, deployment, and production workflows using Angular, Java, REST APIs, and Agile delivery.
- Resolved defects and strengthened day-to-day application support.

Contract Software Engineer and Coding Instructor

CodeStream Studios | October 2025-Present

- Supported the CSOS v1 to v2 modernization across backend setup, infrastructure, UI/UX, performance, bug resolution, and stability.
- Tested platform fixes and translated classroom feedback into reliability, usability, and learning-experience improvements.
- Delivered in-person instruction in HTML, CSS, JavaScript, web development fundamentals, and project-based web design through CodeStream OnlineStudio.

Contract Software Engineer

ElevatedPro Solutions | October 2023-Present

- Delivered responsive client web solutions using Angular, Java, HTML/CSS, and JavaScript.
- Gathered business requirements and translated client goals into maintainable web experiences and integrations.
- Supported hosting, domain configuration, and site maintenance workflows for client digital assets.

LEADERSHIP

Engineering mentorship: Mentored junior engineers and contributed to shared Angular component libraries, supporting onboarding, design consistency, and feature delivery.
HSF Scholar and Conference Mentor: Guided HSF Scholars through conference programming focused on leadership development, career guidance, mentorship, and professional networking.

EDUCATION & CREDENTIALS

Bachelor of Science in Computer Engineering | The University of Texas at Dallas | December 2023
GitHub Copilot Professional Certificate | GitHub | April 2026
Career Essentials in Generative AI | Microsoft and LinkedIn | March 2026
Certified Spanish Interpreter

LANGUAGES

Spanish - Native/Bilingual; Certified Spanish Interpreter | English - Native/Bilingual
